

MAJOR CHANGES FOR 1992/93 HUNTING SEASON

- 1) Muzzleloader - 5 days of either-sex Nov. 30 - Dec. 4 compared with 2 days of either-sex in 91/92.
- 2) Area 2 Dates - 37 days of still hunting only and 23 days with/without dogs compared with 30 days still hunt and 26 days with/without dogs in 91/92. The opening day of dog season was shifted from 1st weekend of December (Dec. 7) as it was in 91/92 to the second weekend in December (Dec. 12) for 92/93.
- 3) Area 7 - Lower Iberia and St. Mary parishes have been moved from Area 6 season framework to an earlier opening date with an even split of still and dog hunting. This was done to allow hunting opportunities during the rut and to match the traditional dog hunting season length that this area has had over the years.
- 4) Area 4 Dates - Increase of hunting season days from 91/92 by one week for a total of 51 days.

TURKEY

- 1) No season in Area C
- 2) Area A - Closing of Winn Parish (except Catahoula NWMP) for restocking purposes.

WMAs

- 1) Lottery hunts on Bayou Macon, Sherburne, and Thistlethwaite WMAs.
- 2) Weekend muzzleloader hunts on several WMAs, December 5th and 6th, including Catahoula and Red Dirt Preserves.
- 3) Established seasons for Camp Beauregard and Tunica Hills WMAs.

HUNTING - GENERAL PROVISIONS

A basic resident or non-resident license is required of all persons to hunt, take, possess or cause to be transported by any other person any wild bird or quadruped.

A big game license is required in addition to the basic hunting license to hunt, take, possess or cause to be transported any deer or turkey.

TAKING GAME QUADRUPEDS OR BIRDS from aircraft, automobiles or other moving vehicles is prohibited.

METHODS OF TAKING RESIDENT GAME BIRDS AND QUADRUPEDS - Use of a longbow (including compound bow) and arrow and a shotgun not larger than a 10 gauge fired from the shoulder without a rest shall be legal for taking all resident game birds and quadrupeds. Also, the use of a handgun, rifle, and falconry (special permit required) shall be legal for taking all game species except turkey. During closed deer gun season, it shall be illegal to possess shotgun shells loaded with shot larger than BB lead or F steel shot, while hunting.

Still hunting is defined as stalking or stationary stand hunting without the use of dog(s). Pursuing, driving or hunting deer with dogs when or where a still hunting season or area is designated, is prohibited and will be strictly enforced.

Shotguns larger than 10 gauge or capable of holding more than three shells prohibited. Plugs used in shotguns must be incapable of being removed without disassembly.

Refer to game schedules contained within these regulations for specific restrictions on the use of firearms and other devices.

SUMMARY OF FEDERAL REGULATIONS FOR Migratory Game Birds - In addition to State regulations, the following Federal rules apply to the taking, possession, shipping, transporting, and storing of migratory game birds:

RESTRICTIONS - No person shall take migratory game birds:

With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10-gauge, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive, or stupefying substance.

With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece filler which is incapable of removal without disassembling the gun.

From a sink box (a low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water).

From or with the aid of a car or other motor driven land conveyance, or any aircraft, except that paraplegics and single or double amputees of the legs may take from any stationary motor vehicle or stationary motor-driven land conveyance. "Paraplegic" means an individual afflicted with paralysis of the lower half of the body which involves both legs, usually due to disease of or injury to the spinal cord.

From or by means of any motor boat or sail boat unless the motor has been completely shut off and/or the sail furled, and its progress therefrom has ceased.

By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting, and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl.

Using records or tapes of migratory bird calls or sounds, or electronically amplified imitations of bird calls.

By driving, rallying, or chasing birds with any motorized conveyance or any sail boat to put them in the range of the hunter.

By the aid of baiting (placing feed such as corn, wheat, salt, or other feed to constitute a lure or enticement, or on or over any baited area). Hunters should be aware that a baited area is considered to be baited for 10

days after the removal of the bait, and it is not necessary for the hunter to know an area is baited to be in violation.

CLOSED SEASON - No person shall take migratory game birds during the closed season.

SHOOTING OR HAWKING HOURS - No person shall take migratory game birds except during the hours open to shooting and hawking as prescribed.

DAILY BAG LIMIT - No person shall take in any one day more than one daily bag limit.

FIELD POSSESSION LIMIT - No person shall possess more than one daily bag limit while in the field or while returning from the field to one's car, hunting camp, home, etc.

WANTON WASTE - All migratory game birds shall be retrieved, if possible, and retained in the custody of the hunter in the field.

TAGGING - No person shall give, put or leave any migratory game birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information:

1. The hunter's signature.
2. The hunter's address.
3. The total number of birds involved, by species.
4. The dates such birds were killed.

Tagging is required if the birds are being transported by another person for the hunter, or if the birds have been left for cleaning, storage (including temporary storage), shipment, or taxidermy services.

POSSESSION OF LIVE BIRDS - Wounded birds reduced to possession shall be immediately killed and included in the daily bag limit.

DRESSING - No person shall completely field dress any migratory game bird (except doves and bandtailed pigeons) and then transport the bird from the field. The head or one fully-feathered wing must remain attached to all such birds while being transported from the field to one's home or to a migratory bird preservation facility.

SHIPMENT - No person shall ship migratory game birds unless the package is marked on the outside with: (a) the name and address of the person sending the birds, (b) the name and address of the person to whom the birds are being sent, and (c) the number of birds, by species, contained in the package.

IMPORTATION - For information regarding the importation of migratory birds killed in another country, hunters should consult 50 CFR 20.61 through 20.66. One fully-feathered wing must remain attached to all migratory game birds being transported between a port of entry and one's home or to a migratory bird preservation facility. No person shall import migratory game birds killed in a foreign country, except Canada, unless such birds are dressed (except as required in 20.63), drawn and the head and feet are removed. No person shall import migratory game birds belonging to another person.

MIGRATORY BIRD HUNTING AND CONSERVATION STAMP (DUCK STAMP) - The law requires that each waterfowl hunter 16 years of age and over must carry on his person a valid Migratory Bird Hunting and Conservation Stamp (federal duck stamp) signed in ink across the face. Hunters under 16 may voluntarily purchase a duck stamp and help preserve wetlands for waterfowl. Louisiana law requires that persons between the ages of 16 and 59 inclusive have a valid state duck stamp, signed in ink across the face, in possession while hunting ducks, geese and coots.

NONTOXIC SHOT REGULATIONS AND ZONE DESCRIPTIONS - No person shall take migratory game birds while possessing shot other than steel or other approved shot. This restriction applies only to ducks, geese, brant, swans, and coots.

DUAL VIOLATION - Violation of State migratory bird regulations is also a violation of Federal regulations.

REFERENCE - Federal regulations related to migratory game birds are located in Title 50, Code of Federal Regulations, Part 20.

CAUTION - More restrictive regulations may apply to National Wildlife Refuges open to public hunting. For additional information on Federal regulations, contact U. S. Fish and Wildlife Service Special Agent-In-Charge: Slidell (504) 257-7550; Denham Springs (504) 389-0360; Lafayette (318) 264-6630; Lake Charles (318) 437-7214; Monroe (318) 325-1735.

UNREGULATED BIRDS - Crows, red-winged blackbirds (rice birds), English sparrows, starlings, grackles and other species of blackbirds.

NUISANCE ANIMALS - Landowners or their designees may remove beaver and nutria causing damage to their property without a special permit. Water set traps and firearms may be used to remove beaver; nutria may be removed by any means and EXCEPT that nutria and beaver can not be taken by the use of

headlight and gun between the hours of sunset and sunrise. Any nuisance beaver or nutria trapped or shot outside open trapping season cannot be pelted or sold. A trapping license is required during open trapping season to sell or pelt nuisance beavers or nutria taken.

THREATENED AND ENDANGERED SPECIES - Louisiana Pearlshell (mussel), Sea Turtles, Gopher Tortoise, Ringed Sawback Turtle, Brown Pelican, Bald Eagle, Peregrin Falcon, Whooping Crane, Eskimo Curlew, Piping Plover, Interior Least Tern, Ivory-billed Woodpecker, Red-cockaded Woodpecker, Bachman's Warbler, West Indian Manatee, Florida Panther. Taking or harassment of any of these species is a violation of federal law.

UNREGULATED QUADRUPEDS - Holders of a legal hunting license may take coyotes and armadillos year round during legal daylight shooting hours. The running of coyotes with dogs is prohibited in all turkey hunting areas during the open turkey season. Coyote hunting is restricted to chase-only during still hunting segments of the firearm season for deer.

FOXES AND BOBCATS are protected quadrupeds and may be taken only by licensed trappers during the trapping season. Remainder of the year "chase only" permitted by licensed hunters.

HUNTING OR DISCHARGE OF FIREARMS - Hunting and/or discharging firearms across or from public roads, highways or road rights-of-way, including those located on public levees, or within 100 feet from the center line of such roads or highways is prohibited. Spotlighting or shining from public roads is prohibited by state law. Hunting from all public roads is prohibited and these provisions will be strictly enforced.

TAGS - Any part of the deer or wild turkey divided shall have affixed thereto the name, address and big game license number of the person killing the deer or wild turkey and the sex of that animal. This information shall be legibly written in pen or pencil on any piece of paper or cardboard or any material which is attached or secured to or enclosing the part or parts. Deer management assistance tags must be attached and locked through the ear or the hock of antlerless deer, (including those taken with bow and arrow) in a manner that it cannot be removed, before deer is moved from the site of the kill.

SEX IDENTIFICATION - Positive evidence of sex identification, including the head, shall remain on any deer taken or on all turkey taken during any

special gobbler season, so long as such deer or turkey is kept in camp or field, or is in route to the domicile of its possessor, or until such deer or turkey has been stored at the domicile of its possessor or divided at a cold storage facility and has become identifiable as food rather than as wild game.

Title: 56:115 Hunting of Resident Game
Baton Rouge, LA Birds and Game Quadrupeds, 1992-93
70898-9000 Date Rule
Takes Effect: September 1, 1992

SUMMARY

(Use complete sentences)

In accordance with Section 953 of Title 49 of the Louisiana Revised Statutes, there is hereby submitted a fiscal and economic impact statement on the rule proposed for adoption, repeal or amendment. The following summary statements, based on the attached worksheets, will be published in the Louisiana Register with the proposed agency rule.

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

Establishment of hunting regulations is an annual process. The cost of implementing the proposed rules, aside from staff time, is the production of the regulation pamphlet. Anticipated cost of printing this pamphlet will be \$20,000-\$25,000.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

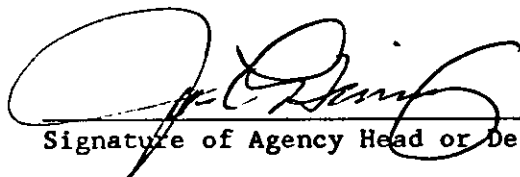

Projected hunting license fee collections for FY 92-93 will be approximately 4.7 million dollars. Failure to adopt rule changes would result in no hunting season being established and a loss of these revenues.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS ON NON-GOVERNMENTAL GROUPS (Summary)

Hunting in Louisiana generates in excess of \$325,000,000 annually through the sale of outdoor related equipment, associated items and other economic benefits. Figures are based on the 1985 National survey of Fish and Wildlife Associated Recreation.

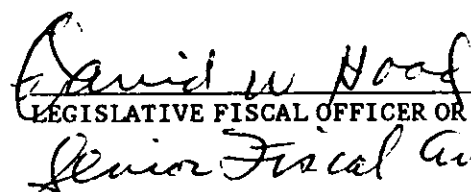

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There is no method by which this Department can estimate the effects of hunting regulations on employment or competition statewide.

FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES

The following information is required in order to assist the Legislative Fiscal Office in its review of the fiscal and economic impact statement and to assist the appropriate legislative oversight committee in its deliberations on the proposed rule.

- A. Provide a brief summary of the content of the rule (if proposed for adoption, or repeal) or a brief summary of the change in the rule (if proposed for amendment). Attach a copy of the notice of intent and a copy of the rule proposed for initial adoption or repeal (or, in the case of a rule change, copies of both the current and proposed rules with amended portions indicated).

The Louisiana Wildlife and Fisheries Commission has accepted proposals developed by the staff of the Department of Wildlife and Fisheries. These proposals include: seasons, rules and regulations for hunting resident game birds and quadrupeds for the period September 1, 1992 through August 31, 1993. The proposal includes open hunting season dates, bag limits, legal methods for taking game species and special regulations on Department operated wildlife management areas.

- B. Summarize the circumstances which require this action. If the action is required by federal regulations, attach a copy of the applicable regulation.

Management and conservation of the state's resident wildlife resources are vested by Law (Title 56) with the Louisiana Department of Wildlife and Fisheries and the Louisiana Wildlife and Fisheries Commission. Management of wildlife includes the annual establishment of regulations that provide for recreational use of these resources through sport hunting. These guidelines protect the resource from over exploitation.

- C. Compliance with Act 11 of the 1986 First Extraordinary Session

- (1) Will the proposed rule change result in any increase in the expenditure of funds? If so, specify amount and source of funding.

Yes, for the publication of hunting regulation pamphlet even though this is an annual expense that is budgeted each year.

\$25,000 conservation funds.

- (2) If the answer to (1) above is yes, has the Legislature specifically appropriated the funds necessary for the associated expenditure increase?

(a) _____ Yes. If yes, attach documentation.

(b) X No. If no, provide justification as to why this rule change should be published at this time.

Hunting regulations are adjusted annually. Publication is a routine expenditure in the Department of Wildlife and Fisheries annual budget.

Mr. Herring,

Mr Jenkins has requested that we place on the
agenda for the next Commission meeting

"Update on DAs report"

I have tried to call Al Brown's office and there
is no answer. I guess we need to write him a memo
or you can call him to see how this is to be handled.
Sharyn has put it on the agenda but she needs to know
who's name to put it under.

Thanks!

OF
LOUISIANA WILDLIFE AND FISHERIES COMMISSION

March 5, 1992

Chairman James H. Jenkins, Jr. presiding.

Thursday March 5, 1992

Norman McCall, Vice Chairman
Bert Jones
Tee John Mialjevich
Jeff Schneider
Pete Vujnovich

Commissioner Warren Pol was absent.

Secretary Joe L. Herring was also present.

Chairman Jenkins called for a motion for approval of the February 6, 1992, Commission Minutes. A motion for approval was made by Mr. Vujnovich and seconded by Mr. McCall. The motion passed unanimously.

Chairman Jenkins recognized Dr. Jack Cappel who was attending the meeting and is a former Commission member.

A presentation was made by Mr. Levy Brunet, President of the Organization of Louisiana Fishermen, to Enforcement Officer Chuck Comeaux of Larose. Officer Comeaux was the recipient of the first OLF Louisiana Wildlife and Fisheries Recognition Award. Officer Comeaux was selected on the merits of three basic principles which were his full commitment to the conservation wise use and non-waste of the natural resources; support of the laws through enforcement; and compassionate manner in dealing with all fishermen. Officer Comeaux thanked OLF for the award and the Commission for the opportunity given to have the award presented.

Mr. Bennie Fontenot presented a rule for ratification on Amending the Lake Bruin Special Recurring Commercial Fishing Season. This rule amends an existing special commercial fishing season on Lake Bruin. It clarifies and governs the issuance of permits to applicants in matters of reporting requirements and wildlife or fisheries violations and gives the secretary the right to revoke or deny a permit to a person who is a chronic violator or who refuses to report.

Chairman Jenkins called for questions from the Commission or audience. There being none he called for a motion on the rule.

A motion was made by Mr. Schneider to adopt the rule. The motion was seconded by Mr. Jones and passed unanimously.

(The full text of the rule is made a part of the record)

RULE.

Department of Wildlife and Fisheries Wildlife and Fisheries Commission

The Wildlife and Fisheries Commission does hereby adopt the amended rule governing the special recurring commercial fishing season on Lake Bruin.

Title 76 Wildlife and Fisheries

Part VII. Fish and Other Aquatic Life

Chapter 1. Freshwater Sports and Commercial Fishing

Section 125. Lake Bruin

The Louisiana Wildlife and Fisheries Commission hereby establishes and permits a special recurring commercial fishing season, allowing the use of certain nets and slat traps, in Lake Bruin, Tensas Parish, Louisiana. The season will commence each year at sunrise on November 1 and close at sunset on the last day of February the following year.

A. Commercial fishing with certain nets and slat traps will be allowed on Lake Bruin only during the above described special season and only by licensed commercial fishermen who must also obtain a Lake Bruin commercial fishing permit from the Louisiana Department of Wildlife and Fisheries. The permit will be issued at no cost on a seasonal basis and must be renewed for each season. The permittee must also file a report to the Department of Wildlife and Fisheries of his catch that is postmarked not later than 15 days after the close of that season. The use of nets in Lake Bruin will be limited to gill and trammel nets greater than or having at least a minimum mesh of 3 1/2" bar and 7" stretch.

B. Commercial fishing will be allowed only during daylight hours except that gear can remain set overnight but fish captured may be removed during daylight hours only.

C. Failure to comply with the terms of the special permit or of any Louisiana commercial fishing regulations shall result in

immediate cancellation of the permit for the remainder of the current season.

D. Failure to submit a timely report for a particular year's commercial fishing season shall result in the denial of a permit for the next year. If a report is eventually received after the deadline period for a particular year, the applicant may get a permit after skipping a year, however, if no report is ever filed, no permit for any subsequent year will be considered.

E. Applicants with a citation(s) pending for three years or less, which is a Class II fish or game violation(s) or greater shall be denied a permit until such time as the applicant appears before department officials for the purpose of reviewing the citation(s) issued. The secretary, after reviewing the proceedings, may issue or deny the permit.

F. Permits shall not be issued to any applicant who within three years of the date of his/her application, has been convicted or pled guilty to a Class II fish or game violation or greater, as defined in the laws pertaining to wildlife and fisheries.

G. Applicants convicted of, or pleading guilty to two or more Class II fish or game violations or greater within five years of the application date shall not receive a permit.

AUTHORITY NOTE: Promulgated in accordance R.S. 56:22, 56:326.3 and R.S. 56:402.

HISTORICAL NOTE: Promulgated by the Department of Wildlife and Fisheries, Wildlife and Fisheries Commission, L.R. 13:502 (September 1987), Amended Wildlife and Fisheries Commission L.R. 18: (March 1992).

James H. Jenkins, Jr.
Chairman

Ratification of the rule on Lake Providence Establishing Season on Gill and Trammel Nets was brought before the Commission by Mr. Bennie Fontenot. This rule established a special recurring commercial netting season on Lake Providence which will be every year from November through February and will allow the use of gill nets and trammel nets to remove a big population of buffalo and other commercial species. The use of these nets will be closed from March through October. This was requested by the Lake Providence Commission, East Carroll Police Jury and department staff and is an integral part of the management plan of the lake. The most important species taken in the lake is the catfish and the gear primarily used are slat traps and hoop nets which are allowed year round.

Chairman Jenkins called for questions from the Commission and audience. After clarification about this being the same item that

was taken up at an earlier meeting, Chairman Jenkins called for a motion. A motion was made by Mr. Jones and seconded by Mr. Schneider. The motion passed unanimously.

(The full text of the rule is made
a part of the record)

RULE

It was pointed out by Ms. Foote that the rule was the same as published as the notice of intent except for alligator eggs, a minor change, which has been added. This change was recommended by the Fur and Refuge Division.

Chairman Jenkins called for questions from the Commission. Mr. Mialjevich questioned if these values were updated on an annual basis. He was informed that they were. Chairman Jenkins called for questions from the audience. There being none he called for a motion. A motion was made by Mr. Schneider to accept the rule. Mr. Dave Morrison presented the resolution/rule on the **Harvest of Mayhaw Regulations on Wildlife Management Areas** for ratification by the Commission. This rule deals with how mayhaws may be taken off of department-owned wildlife management areas and refuge areas. This is being done in response to a bill that was passed in the 1991 Legislative Session that directed the department to establish rules, regulations and a method to keep the mayhaw berry under control. The "Therefore Be It Resolved" portion of the resolution was read by Mr. Morrison.

Chairman Jenkins called for questions from the Commission and audience. There being none he called for a motion on the rule. A motion was made by Mr. Jones to adopt the resolution/rule on the mayhaw regulations. The motion was seconded by Mr. McCall and passed unanimously.

Mr. Hugh Bateman presented to the Commission the Resolution/Notice of Intent on the 1992-93 Resident Game Hunting Seasons. A summary on the proposed small game seasons and bag limits was given by Mr. Bateman. Mr. Dave Moreland then gave the specifics of the proposed deer hunting season by areas. Mr. Danny Timmer gave a summary of the proposed turkey hunting seasons. The public will have a chance to comment on the proposals between now and when the Commission meets in July. Persons interested in commenting should comment to the Commission, department staff personnel or District Offices. These comments will be duly considered and could create a change in what is being proposed today, pointed out Mr. Bateman. Changes have to be made at the July meeting so that the department can have published some 500,000 copies of these regulations for public dissemination.

Mr. Bateman and his staff gave the following major changes for the 1992-93 hunting season:

1. Muzzleloader - 5 days of either sex, Nov. 30-Dec. 4 compared with 2 days of either-sex in 91/92.
2. Area 2 Dates - 37 days of still hunting only and 23 days with/without dogs compared with 30 days still hunt and 26 days with/without dogs in 91/92. The opening day of dog season was shifted from 1st weekend of December (Dec. 7) as it was in 91/92 to the second weekend in December (Dec. 12) for 92/93.
3. Area 7 - Lower Iberia and St. Mary parishes have been moved from Area 6 season framework to an earlier opening date with an even split of still and dog hunting. This was done to allow hunting opportunities during the rut and to match the traditional dog hunting season length that this area has had over the years.
4. Area 4 Dates - Increase of hunting season days from 91/92 by one week for a total of 51 days.

WMAs:

- 1) Lottery hunts on Bayou Macon, Sherburne and Thistlethwaite WMAs.
- 2) Weekend muzzleloader hunts on several WMAs, December 5th and 6th, including Catahoula and Red Dirt Preserves.

3) Established seasons for Camp Beauregard and Tunica Hills WMAs.

Turkey Season:

1) No season in Area C.

2) Area A - Closing of Winn Parish (except Catahoula NWMP for restocking purposes.

Mr. Schneider asked about the Lottery hunts and how they were working. Mr. Kerney, Supervisor District VII gave a brief review of these hunts and advised that they were going very well.

Mr. Bateman then presented the resolution adopting the notice of intent for the 1992/93 hunting seasons and read the "Therefore Be It Resolved" portion of the resolution.

Chairman Jenkins called for a motion on the resolution/notice of intent. A motion was made by Mr. Jones and seconded by Mr. McCall for approval. The motion passed unanimously. Chairman Jenkins called for comments from the audience.

Mr. Bill Vasque addressed the Commission and questioned why the dog season was reduced in only Area 2 and why the still hunters have the same amount of season or more.

Mr. Charles Womack, Shreveport, addressed the Commission. He would like to see the still season moved to the last week instead of the first because of companies' policy on vacation time along with the holidays. Mr. Womack requested that it be moved back to the 5th instead of opening the 12th.

Mr. John Linsey, Rapides Parish, addressed the Commission. There is a problem in Area 6 with dog hunting. People are trespassing on private property, casting dogs in private property and cutting deer off in the fields, etc. Mr. Linsey requested that a portion of Area 6 in Rapides Parish reduced to still hunting only. The landowners and lease holders in this area are working together and are all in favor of this recommendation.

Mr. Bateman advised that all of the District Supervisors were attending the meeting and suggested that anyone in the audience who wanted to take up a specific item that they discuss it on a local basis and could do so after the meeting is adjourned.

same; identifying cases where civil penalties are collected; how the civil penalties will affect the shrimpers; who is in charge; and contracting an attorney to help collect the civil penalties. Mr. Jones requested that Secretary Herring, at the next Commission meeting, inform the Commission how these penalties will be collected, who is in charge and how it is going to be done. Secretary Herring advised that they will do there best.

Mr. Fred Prejean, Undersecretary, addressed Mr. Jones' question and informed him that the position will fall under the office of Management and Finance which he heads. Mr. Prejean's office will take responsibility for this along with the Legal Section. Mr. Prejean advised that in an effort to collect fees, other state agencies are using the assistance of the Louisiana Department of Revenue. Some state agencies allow the Department of Revenue to withhold and supply a particular state agency with income tax refund checks that are due individuals. This has been briefly discussed and the department will explore this avenue some more, advised Mr. Prejean. This is a means in addition to pursuing this matter through the judicial process and regular office letter process. Mr. Prejean advised that they will have a written plan for the Commission at the April meeting.

Deputy Secretary Clyde Kimball addressed the Commission on this issue and pointed out an unseen problem. Although the department is talking about contracting with an attorney to bird dog these suits, it might be well to understand that the department has to also sit down and meet with the Attorney General's office. The department is attempting to do this now. The Attorney General may be aggressive enough to want to handle these matters but if not, he may also have some input as to any contracting with other attorneys. Deputy Secretary Kimball feels that thirty days may not be long enough to give the Commission a plan on this issue and legally this has to be discussed with the Attorney General. The Attorney General does have the authority and power within his office to take this matter on himself. Whether or not he has the manpower to do this Deputy Secretary Kimball did not know. Until the Attorney General says no or how the department can proceed in the legal system Deputy Secretary Kimball advised that he cannot tell the Commission what is going to happen or when it is going to happen involving the matter with civil penalties.

Mr. Jones questioned if protocol could still be established; who will be in charge within the department; and the procedure of which it can be done before it gets to the Attorney General's Office. He was advised this it could. Mr. Jones asked about the redfish cases. Colonel Vidrine advised that this case was coming before the court on March 6 and he will give a report at the next Commission meeting.

Colonel Winton Vidrine gave the Monthly Enforcement Report for February. The following citations were issued:

Region I - Minden - 111 citations.

Region II - Monroe - 112 citations.

Region III - Alexandria - 148 citations.

Region IV - Ferriday - 91 citations.

Region V - Lake Charles - 174 citations.

Region VI - Opelousas - 158 citations.

Region VII - Baton Rouge - 268 citations.

Region VIII - New Orleans - 299 citations.

Region IV - Thibodaux - 291 citations.

The Oyster Strike Force made 78 cases and SWEP made 63 cases for the month of February. The total number of cases for the month of February was 1,749.

Mr. Vujnovich asked if enforcement was having any trouble with judges fixing tickets that were given for closed oyster areas. He has received a couple of phone calls that there is a loophole in the law. Colonel Vidrine advised not to his knowledge. Major Candies clarified that this was prior to last session and was for "taking for food". This was corrected in last year's legislature. Mr. Vujnovich complimented the Oyster Strike Force personnel for doing a good job.

Deputy Secretary Kimball gave an Update on the D.A.'s Report. Data on citations issued and disposition reporting was passed out to the Commissioners. This information covered the period of July 1, 1991 through September 30, 1991. Deputy Secretary Kimball advised that having just looked at the system in the last couple of weeks it is not working like the Commissioners, the public, or he would like to see. It was pointed out that this system was devised last year and went on line in September and from the date a citation is issued it may be a year or longer before it is disposed of. There is a very long lag time. The survey that the department did on the magnetic reporting system directly from the D.A.s' office showed that out of 64 parishes there were 21 parishes that did not respond, 8 parishes said they would do it, 35 parishes stated no, which rules this approach out for getting a quick update on dispositions. The way the system is set up some portion of the blame is in the regional offices for one reason or another and there is a backlog as far as keying them in. Deputy Secretary Kimball has been advised that as far as the reporting from the D.A.s' office that the overwhelming majority are complying even though it may not be on a timely basis.

Chairman Jenkins question if in time this system would level out. He was advised that after the lag period it should.

The Secretary's Report was given by Secretary Herring. Secretary Herring reported on the following:

There have been cuts in the department's budget. Another \$900,000 had to be cut by last Friday, February 28, 1992 from the operating budget that the department is in now to June 30, 1992. The department will be getting a 2.2 million dollar cut next year. In sixteen month period the department will have received a 3 million dollar cut in the operational budget. Other agencies are getting the same cut.

Several meetings were attended this month. Some of the meetings were the Menhaden Industry, the Shrimp Association, the Louisiana Wildlife Federation, Outdoor Writers' Association, Louisiana Wildlife Biologist Association, and Louisiana Chapter, American Fisheries Society. There were a few meetings with the Black Bear Conservation Committee and basically it came down to that Secretary Herring would agree to put the black bear on the threatened list which follows the federal laws and guidelines. The department met with Lieutenant Governor Schwegmann on litter problems and agreed to put in the hunting and fishing pamphlets a paragraph about littering in the woods, streams and lakes.

The department met with the House Natural Resource Committee and discussed plans and problems. This was a very good meeting .

There was a dedication at LSU of their new aquaculture lab. LSU has been active in this field since 1963. The department has build most of the ponds at LSU.

Through the Natural Heritage program the Louisiana Hummingbirds publication has been printed and has received a lot of favorable comments. The publication is free of charge but the department has received \$574 in contributions from people who have received the free publication. This money will be used to defray the cost of printing.

The quality lakes in the state have produced a new bass record. A 13.26 pound bass was caught in the Caney Creek Lake area in Jackson Parish.

The proposed legislation by the department will be sent to the all Commissioners for their review. Deputy Secretary Kimball and Mr. Puckett are working on this.

Concluding the Secretary's report, Chairman Jenkins asked if there were any questions for Secretary Herring. Mr. Jones asked about the LSU aquaculture lab and what species of fish they were working on. He was advised that they are working on tilapia, catfish, striped bass, crawfish, prawns, etc. Species that look like they will be a marketable specie for the commercial people or people who raise fish in their ponds. Secretary Herring advised that the department was the first to do research of this type back in the '60s. This research was done at the Monroe Office. They are also working with the redfish advised Secretary Herring.

Mr. Jones asked if a Assistant Secretary had been named for Office of Fisheries. Secretary Herring advised that Mr. Corky Perret is assigned to head up the fisheries work.

Mr. Mialjevich thanked Mr. Herring and the others from the department for attending the Louisiana Shrimp Convention in New Orleans. This was the first time in a long time that the Secretary has attended this meeting.

Mr. McCall asked Secretary Herring to briefly bring them up to date on the fish hatchery. Secretary Herring reported that a site has been chosen for the fish hatchery in accordance with the engineer's report. There were two sites, one at Toledo Bend and one joining the Beechwood Fish Hatchery. The site chosen was Beechwood. The engineer's report showed that the soil types, sources of water, etc. at the Beechwood area were more suitable for the hatchery, or addition to the hatchery, than the the soil types, etc. at Toledo Bend. The economics of putting this facility at Beechwood are also well into the scheme of things as there are already personnel there. Chairman Jenkins asked if any additional legislative process was needed to get this project funded or was it already in place. Mr. Bennie Fontenot advised that there was 6 million dollars for the hatchery but 5 million dollars was cut in last year's session. There was a million dollars left to purchase, secure the site and make all the studies. The department is doing this with the one million dollars and has resubmitted in the Capital Outlay budget the 5 million dollars for the actual construction of the hatchery. This has not been approved at this time advised Mr. Fontenot.

The June Meeting Date for the Commission meeting was set for June 4, 1992 to be held at the Baton Rouge Office, Louisiana Room.

Chairman Jenkins called for Public Comments. There were no comments from the audience.

There being no other business, Chairman Jenkins called for a motion to Adjourn the March 5, 1992 Commission meeting. A motion was made by Mr. Schneider and seconded by Mr. McCall. A vote was called for on the motion. The motion passed unanimously.

Chairman

Ratification of the rule on **Lake Providence Establishing Season on Gill and Trammel Nets** was brought before the Commission by Mr. Bennie Fontenot. This rule established a special recurring commercial netting season on Lake Providence which will be every year from November through February and will allow the use of gill nets and trammel nets to remove a big population of buffalo and other commercial species. The use of these nets will be closed from March through October. This was requested by the Lake Providence Commission, East Carroll Police Jury and department staff and is an integral part of the management plan of the lake. The most important species taken in the lake is the catfish and the gear primarily used are slat traps and hoop nets which are allowed year round.

Chairman Jenkins called for questions from the Commission and audience. After clarification about this being the same item that was taken up at an earlier meeting, Chairman Jenkins called for a motion. A motion was made by Mr. Jones and seconded by Mr. Schneider. The motion passed unanimously.

Mr. Dave Morrison presented the resolution/rule on the **Harvest of Mayhaw Regulations on Wildlife Management Areas** for ratification by the Commission. This rule deals with how mayhaws may be taken off of department-owned wildlife management areas and refuge areas. This is being done in response to a bill that was passed in the 1991 Legislative Session that directed the department to establish rules, regulations and a method to keep the mayhaw berry under control. The "Therefore Be It Resolved" portion of the resolution was read by Mr. Morrison.

Chairman Jenkins called for questions from the Commission and audience. There being none he called for a motion on the rule. A motion was made by Mr. Jones to adopt the resolution/rule on the mayhaw regulations. The motion was seconded by Mr. McCall and passed unanimously.

Mr. Hugh Bateman presented to the Commission the **Resolution/Notice of Intent on the 1992-93 Resident Game Hunting Seasons**. A summary on the proposed small game seasons and bag limits was given by Mr. Bateman. Mr. Dave Moreland then gave the specifics of the proposed deer hunting season by areas. Mr. Danny Timmer gave a summary of the proposed turkey hunting seasons. The public will have a chance to comment on the proposals between now and when the Commission meets in July. Persons interested in commenting should comment to the Commission, department staff personnel or District Offices. These comments will be duly considered and could create a change in what is being proposed today, pointed out Mr. Bateman. Changes have to be made at the July meeting so that the department can have published some 500,000 copies of these regulations for public dissemination.

Mr. Bateman and his staff gave the following major changes for the 1992-93 hunting season:

1. Muzzleloader - 5 days of either sex, Nov. 30-Dec. 4 compared with 2 days of either-sex in 91/92.

2. Area 2 Dates - 37 days of still hunting only and 23 days with /without dogs compared with 30 days still hunt and 26 days with/without dogs in 91/92. The opening day of dog season was shifted from 1st weekend of December (Dec. 7) as it was in 91/92 to the second weekend in December (Dec. 12) for 92/93.

3. Area 7 - Lower Iberia and St. Mary parishes have been moved from Area 6 season framework to an earlier opening date with an even split of still and dog hunting. This was done to allow hunting opportunities during the rut and to match the traditional dog hunting season length that this area has had over the years.

4. Area 4 Dates - Increase of hunting season days from 91/92 by one week for a total of 51 days.

WMAs:

1) Lottery hunts on bayou Macon, Sherburne and Thistlethwaite WMAs.

2) Weekend muzzleloader hunts on several WMAs, December 5th and 6th, including Catahoula and Red Dirt Preserves.

3) Established seasons for Camp Beauregard and Tunica Hills WMAs.

Turkey Season:

1) No season in Area C.

2) Area A - Closing of Winn Parish (except Catahoula NWMP for restocking purposes.

Mr. Schneider asked about the Lottery hunts and how they were working. Mr. Kerney, Supervisor District VII gave a brief review of these hunts and advised that they were going very well.

Mr. Bateman then presented the resolution adopting the notice of intent for the 1992/93 hunting seasons and read the "Therefore Be It Resolved" portion of the resolution.

Chairman Jenkins called for a motion on the resolution/notice of intent. A motion was made by Mr. Jones and seconded by Mr. McCall for approval. The motion passed unanimously. Chairman Jenkins called for comments from the audience.

Mr. Bill Vasque addressed the Commission and questioned why the dog season was reduced in only Area 2 and why the still hunters have the same amount of season or more.

Mr. Charles Womack, Shreveport, addressed the Commission. He would like to see the still season moved to the last week instead of the first because of companies' policy on vacation time along with the holidays. Mr. Womack requested that it be moved back to the 5th instead of opening the 12th.

Mr. John Linsey, Rapides parish, addressed the Commission. There is a problem in Area 6 with dog hunting. People are trespassing on private property, casting dogs in private property and cutting deer off in the fields, etc. Mr. Linsey requested that a portion of Area 6 in Rapides Parish reduced to still hunting only. The landowners and lease holders in this area are working together and are all in favor of this recommendation.

Mr. Bateman advised that all of the District Supervisors were attending the meeting and suggested that anyone in the audience who wanted to take up a specific item that they discuss it on a local basis and could do so after the meeting is adjourned.

Chairman Jenkins asked Dr. Richard Condrey to give an **Update on the Shrimp Management Plan**. Dr. Condrey gave a brief update and advised that they were in the process of getting the plan tied down. There have been delays but a proposed time schedule has been put in place with a six month delay or little longer in the project. A draft of the plan will be presented to the department at the end of March for review. The Commission and task force will also be able to review the plan. The time schedule will begin at the end of March with a completed draft to the department for review; a two month review by the department; a three month review by the Governor's task force followed

by a revision of the initial draft; and a final completed proposed plan by December 1992.

Chairman Jenkins advised that the next item on the agenda, **Aircraft Policy**, would not be brought up. Chairman Jenkins met with the secretary and staff yesterday on this item and it was agreed upon that a committee of the Commission would meet with staff to work on an aircraft policy.

An **Update on Civil Penalties** was given by Ms. Wynnette Kees. Ms. Kees reported that the number has changed a bit. A couple thousand dollars has been collected in the last two months raising the total to \$38,000 for the last two years. The wheels are in motion to fill a position that will head this program. There is proposed legislation that the department is going to introduce this year to put some teeth into this with penalties. Secretary Herring, Mr. Don Puckett and Undersecretary Fred Prejean will be working on alternatives for collections. Discussion followed pertaining to the hiring of person to coordinate the program; proposed legislation; administrative proceedings and civil suit; teeth in the law; collection of penalties and enforcement of same; identifying cases where civil penalties are collected; how the civil penalties will affect the shrimpers; who is in charge; and contracting an attorney to help collect the civil penalties. Mr. Jones requested that Secretary Herring, at the next Commission meeting, inform the Commission how these penalties will be collected, who is in charge and how it is going to be done. Secretary Herring advised that they will do there best.

Mr. Fred Prejean, Undersecretary, addressed Mr. Jones' question and informed him that the position will fall under the office of Management and Finance which he heads. Mr. Prejean's office will take responsibility for this along with the Legal Section. Mr. Prejean advised that in an effort to collect fees, other state agencies are using the assistance of the Louisiana Department of Revenue. Some state agencies allow the Department of Revenue to withhold and supply a particular state agency with income tax refund checks that are due individuals. This has been briefly discussed and the department will explore this avenue some more, advised Mr. Prejean. This is a means in addition to pursuing this matter through the judicial process and regular office letter process. Mr. Prejean advised that they will have a written plan for the Commission at the April meeting.

Deputy Secretary Clyde Kimball addressed the Commission on this issue and pointed out an unseen problem. Although the department is talking about contracting with an attorney to bird dog these suits, it might be well to understand that the department has to also sit down and meet with the Attorney General's office. The department is attempting to do this now. The Attorney General may be aggressive enough to want to handle these matters but if not, he may also have some input as to any contracting with other attorneys. Deputy Secretary Kimball feels that thirty days may not be long enough to give the Commission a plan on this issue and legally this has to be discussed with the Attorney General. The Attorney General does have the authority and power within his office to take this matter on himself. Whether or not he has the manpower to do this Deputy Secretary Kimball did not know. Until the

Attorney General says no or how the department can proceed in the legal system Deputy Secretary Kimball advised that he cannot tell the Commission what is going to happen or when it is going to happen involving the matter with civil penalties.

Mr. Jones questioned if protocol could still be established; who will be in charge within the department; and the procedure of which it can be done before it gets to the Attorney General's Office. He was advised this it could. Mr. Jones asked about the redfish cases. Colonel Vidrine advised that this case was coming before the court on March 6 and he will give a report at the next Commission meeting.

Colonel Winton Vidrine gave the **Monthly Enforcement Report** for February. The following citations were issued:

Region I - Minden - 111 citations.

Region II - Monroe - 112 citations.

Region III - Alexandria - 148 citations.

Region IV - Ferriday - 91 citations.

Region V - Lake Charles - 174 citations.

Region VI - Opelousas - 158 citations.

Region VII - Baton Rouge - 268 citations.

Region VIII - New Orleans - 299 citations.

Region IV - Thibodaux - 291 citations.

The Oyster Strike Force made 78 cases and SWEP made 63 cases for the month of February. The total number of cases for the month of February was 1,749.

Mr. Vujnovich asked if enforcement was having any trouble with judges fixing tickets that were given for closed oyster areas. He has received a couple of phone calls that there is a loophole in the law. Colonel Vidrine advised not to his knowledge. Major Candies clarified that this was prior to last session and was for "taking for food". This was corrected in last year's legislature. Mr. Vujnovich complimented the Oyster Strike Force personnel for doing a good job.

Deputy Secretary Kimball gave an **Update on the D.A.'s Report**.

Data on citations issued and disposition reporting was passed out to the Commissioners. This information covered the period of July 1, 1991 through September 30, 1991. Deputy Secretary Kimball advised that having just looked at the system in the last couple of weeks it is not working like the Commissioners, the public, or he would like to see. It was pointed out that this system was devised last year and went on line in September and from the date a citation is issued it may be a year or longer before it is disposed of. There is a very long lag

time. The survey that the department did on the magnetic reporting system directly from the D.A.'s office showed that out of 64 parishes there were 21 parishes that did not respond, 8 parishes said they would do it, 35 parishes stated no which rules this approach out for getting a quick update on dispositions. The way the system is set up some portion of the blame is in the regional offices for one reason or another and there is a backlog as far as keying them in. Deputy Secretary Kimball has been advised that as far as the reporting from the D.A.'s office that the overwhelming majority are complying even though it may not be on a timely basis.

Chairman Jenkins question if in time this system would level out. He was advised that after the lag period it should.

The **Secretary's Report** was given by Secretary Herring. Secretary Herring reported on the following:

There have been cuts in the department's budget. Another \$900,000 had to be cut by last Friday, February 28, 1992 from the operating budget that the department is in now to June 30, 1992. The department will be getting a 2.2 million dollar cut next year. In sixteen month period the department will have received a 3 million dollar cut in the operational budget. Other agencies are getting the same cut.

Several meetings were attended this month. Some of the meetings were the Menhaden Industry, the Shrimp Association, the Louisiana Wildlife Federation, Outdoor Writers Association, Louisiana Wildlife Biologist Association, and Louisiana Chapter, American Fisheries Society. There were a few meetings with the Black Bear Conservation Committee and basically it came down to that Secretary Herring would agree to put the black bear on the threatened list which follows the federal laws and guidelines. The department met with Lieutenant Governor Schwegmann on litter problems and agreed to put in the hunting and fishing pamphlets a paragraph about littering in the woods, streams and lakes.

The department met with the House Natural Resource Committee and discussed plans and problems. This was a very good meeting .

There was a dedication at LSU of their new aquaculture lab. LSU has been active in this field since 1963. The department has build most of the ponds at LSU.

Through the Natural Heritage program the Louisiana Hummingbirds publication has been printed and has received a lot of favorable comments. The publication is free of charge but the department has received \$574 in contributions from people who have received the free publication. This money will be used to defray the cost of printing.

The quality lakes in the state have produced a new bass record. A ^{13.26} ~~12.43~~ pound bass was caught in the Caney Creek Lake area in Jackson parish.

The proposed legislation by the department will be sent to the all Commissioners for their review. Deputy Secretary Kimball and Mr. Puckett are working on this.

Concluding the Secretary's report, Chairman Jenkins asked if there were any questions for Secretary Herring. Mr. Jones asked about the LSU aquaculture lab and what species of fish they were working on. He was advised that they are working on tilapia, catfish, striped bass, crawfish, prawns, etc. Species that looks like they will be a marketable specie for the commercial people or people who raise fish in their ponds. Secretary Herring advised that the department was the first to do research of this type back in the '60s'. This research was done at the Monroe Office. They are also working with the redfish advised Secretary Herring.

Mr. Jones asked if a Assistant Secretary had been named for Office of Fisheries. Secretary Herring advised that Mr. Corky Perret is assigned to head up the fisheries work.

Mr. Mialjevich thanked Mr. Herring and the others from the department for attending the Louisiana Shrimp Convention in New Orleans. This was the first time in a long time that the Secretary has attended this meeting.

Mr. McCall asked Secretary Herring to briefly bring them up to date on the fish hatchery. Secretary Herring reported that a site has been chosen for the fish hatchery in accordance with the engineer's report. There were two sites, one at Toledo Bend and one joining the Beechwood Fish Hatchery. The site chosen was Beechwood. The engineer's report showed that the soil types, sources of water, etc. at the Beechwood area was more suitable for the hatchery, or addition to the hatchery, than the the soil types, etc. at Toledo Bend. The economics of putting this facility at Beechwood is also well into the scheme of things as there are already personnel there. Chairman Jenkins asked if any additional legislative process was needed to get this project funded or was it already in place. Mr. Bennie Fontenot advised that there was 6 million dollars for the hatchery but 5 million dollars was cut in last year's session. There was a million dollars left to purchase, secure the site and make all the studies. The department is doing this with the one million dollars and has resubmitted in the Capital Outlay budget the 5 million dollars for the actual construction of the hatchery. This has not been approved at this time advised Mr. Fontenot.

The **June Meeting Date** for the Commission meeting was set for June 4, 1992 to be held at the Baton Rouge Office, Louisiana Room.

Chairman Jenkins called for **Public Comments**. There were no comments from the audience.

There being no other business, Chairman Jenkins called for a motion to **Adjourn** the March 5, 1992 Commission meeting. A motion was made by Mr. Schneider and seconded by Mr. McCall. A vote was called for on the motion. The motion passed unanimously.

Wildlife and Fisheries Commission

The Wildlife and Fisheries Commission does hereby adopt the amended rule governing the special recurring commercial fishing season on Lake Bruin.

Part VII. Fish and Other Aquatic Life

Chapter 1. Freshwater Sports and Commercial Fishing

Section 125. Lake Bruin

The Louisiana Wildlife and Fisheries Commission hereby establishes and permits a special recurring commercial fishing season, allowing the use of certain nets and slat traps, in Lake Bruin, Tensas Parish, Louisiana. The season will commence each year at sunrise on November 1 and close at sunset on the last day of February the following year.

A. Commercial fishing with certain nets and slat traps will be allowed on Lake Bruin only during the above described special season and only by licensed commercial fishermen who must also

obtain a Lake Bruin commercial fishing permit from the Louisiana Department of Wildlife and Fisheries. The permit will be issued at no cost on a seasonal basis and must be renewed for each season. The permittee must also file a report to the Department of Wildlife and Fisheries of his catch that is postmarked not later than 15 days after the close of that season. The use of nets in Lake Bruin will be limited to gill and trammel nets greater than or having at least a minimum mesh of 3 1/2" bar and 7" stretch.

B. Commercial fishing will be allowed only during daylight hours except that gear can remain set overnight but fish captured may be removed during daylight hours only.

C. Failure to comply with the terms of the special permit or of any Louisiana commercial fishing regulations shall result in immediate cancellation of the permit for the remainder of the current season.

D. Failure to submit a timely report for a particular year's commercial fishing season shall result in the denial of a permit for the next year. If a report is eventually received after the deadline period for a particular year, the applicant may get a permit after skipping a year, however, if no report is ever filed, no permit for any subsequent year will be considered.

E. Applicants with a citation(s) pending for three years or less, which is a Class II fish or game violation(s) or greater

shall be denied a permit until such time as the applicant appears before department officials for the purpose of reviewing the citation(s) issued. The secretary, after reviewing the proceedings, may issue or deny the permit.

F. Permits shall not be issued to any applicant who within three years of the date of his/her application, has been convicted or plead guilty to a Class II fish or game violation or greater, as defined in the laws pertaining to wildlife and fisheries.

G. Applicants convicted of, or pleading guilty to two or more Class II fish or game violations or greater within five years of the application date shall not receive a permit.
